

Internet/Computer System Acceptable Use Regulations

(Required to complete set up process for a parent/student Internet account and check out of computer system use through the school.

Process begins with an online account request submission and ordering a computer system by the ES.

(Once complete, ES mark box on parent checklist in FRED and keep in student file)

ES: () Parent: ()

Student(s):

The purpose of this policy is to insure that Internet access and use of the school owned computers will be appropriate and used only for educational purposes, consistent with the acceptable standards of the school and community.

Initials Required Below Where Indicated

Monitoring:

- _____ will retain the right to monitor Internet/computer activity, review any material stored in files which are generally accessible to others, edit or remove any material which the school staff, in its sole discretion, believes violates the above standards, and terminate the Internet/Computer Agreement of any persons violating the conditions set forth in this agreement.
- _____ Students using the Internet shall be closely supervised by the parent. The responsibility for supervision of students using their Internet account from anywhere shall be that of their parents /guardians. Just as parents need to monitor television and video viewing, radio listening, and reading materials, parents of students using the school computer are responsible for supervising their child's use of the Internet. Students and their _____ parents are ultimately responsible for the materials accessed through the use of student Internet accounts.
- _____ The information service may occasionally require new registration and account information to continue the service. This will require us to give out certain portions of your personal information to a 3rd party vendor required for this requested service.
- _____ Any fees (excluding long distance phone charges) for this requested account will be deducted from ES instructional funds for your student. The amount charged will be pre-paid and not refunded.
- _____ It is your responsibility (not the school's or the ES's) to verify with your local telephone company that the computer you are using to access this provided account is dialing a local (no charge) phone number. The school will not be responsible/liable for any long distance charges you incur while accessing this account.

Legal Issues:

- _____ The California Computer Crime Bill (1979) added section 502 to the Penal Code making it a felony to intentionally access any computer or system or network for the purpose of:
- 1) Devising or executing any scheme or artifice to defraud or extort or,
 - 2) Obtaining money, property or services with false or fraudulent intent, representations and promises.
- _____ It is also a felony to maliciously access, alter, delete, damage or destroy any computer system, computer network program or data. Some examples of such offenses are:
- 1) Using the system for personal gain
 - 2) Damaging school property, including software or hardware

Penalties include maximum fines of \$5,000.00 and/or imprisonment in the state prison system for up to three years or the county jail for up to one year. Juvenile offenders, unless otherwise dictated by law and circumstances, will be prosecuted through the juvenile court system. Anyone committing acts of the kind will face legal action and disciplinary procedures.

Resources:

It is the intent of _____ to protect students from inappropriate information. However, the staff cannot screen all of the materials available on the Internet. Willful access to inappropriate material in any form by students as well as the importation of any material for "outside sources" is a violation of this policy and may result in disciplinary action including, but not limited to, the revocation of the right of Internet and computer privileges and expulsion of the student.

Students, staff and parents hold a joint responsibility to insure that inappropriate material is not displayed or available on any computer. Students and parents jointly hold a responsibility to report their awareness of such material to their ES. Failure to do so will result in appropriate punitive action including, but not limited to, the revocation of the right of Internet and computer privileges, and expulsion of the student.

Personal Use:

_____ The use of the Internet/computer system and all of its equipment is a privilege. The Internet accounts and computer systems will be for the exclusive use of the student.

Plagiarism:

_____ The utilization of another person's written thoughts, research or data without crediting the material to that person is considered plagiarism. The student, who attempts to lead readers to believe they are reading a student's original work, when it is not, is guilty of plagiarism. Students who have plagiarized material will be dealt with in accordance with the Parent Handbook.

Internet Safety:

Students will be explicitly taught about Internet safety, including how to protect online privacy and how to avoid online predators using resources such as materials available from CTAP 's Web site (<http://www.ctap4.org/cybersafety/ip.htm> and <http://www.ctap4.org/cybersafety/AUP.htm>), and downloadable workshops.

copyright:

According to the Copyright Act of 1976, "fair use" means that information legally found on the Internet may be used for scholarly purpose. Information may not be plagiarized or sold.

Prohibited Uses:

This policy does not attempt to articulate all required or proscribed behavior by users. Misuse may come in many forms; it is commonly viewed as any transmission(s) sent or received that suggest or indicates pornography, unethical or illegal solicitation, racism, sexism and inappropriate language.
